## Back-SavR™ Stand-Up Forklift Guard

Year after year, statistics show more accidents and fatalities occurring when objects enter the standup industrial truck operator's work zone. The Back-SavR is an innovative guard specially engineered to shield operators against a potential collision when backing up near racking systems.

- Takes only minutes to install using common tools.
- Fits most major models of reach and standup lift trucks.
- Will not obstruct the overhead guard.
- Uses a highly visible, Knuffi® Soft Edge Bumper Guard to further protect the operator.

### Meets and exceeds requirements set forth in:

- ANSI/ITSDF B56.1-2012
- SAFETY STANDARD FOR LOW LIFT AND HIGH LIFT TRUCKS
- 7.30 Operator Protection for Stand-Up, End Controlled, Narrow Aisle and Counterbalanced Trucks

### Specifications:

- 53" long x 2-1/2" diameter x 1/4" wall
- Weight is 32 lbs
- Durable scratch resistant Black powder coating
- Installation kit includes all mounting hardware
