

CABLE-CUTTERS

These high quality, Swiss-made cable cutters have a triangular cutting system which reduces the effort required to cut cable without crushing the cable.

APPLICATIONS

For use on cable seals with 3/16" diameter or greater

FEATURES

- Swiss-made from special alloy steel.
- Rubber grips promote user safety.
- Three sizes available: C7-7.5", C9-C13" and C12-19.5".
- Specially tempered blades can cut up to 5/16" diameter cable.
