Dissipator Cap

Maximize your forklift battery's potential!

The Dissipator Battery cap reduces watering intervals by returning 80% of the evaporated water back into the battery. Its ergonomic design and durable housing (resistant against battery acid) makes the Dissipator an effective battery maintenance tool. Use the dissipator cap on all industrial batteries such as a forklift battery, lift truck battery, Aerial Work Platform battery and golf cart battery.

The Dissipator Forklift Battery Cap features:

- Instant electrolyte level detection with the "magic eye"
- Durable acid-proof housing protects against acid overflow
- Ergonomic easy-off twist cap
- Battery emissions filter
- Returns 80% of evaporated water back to the battery
- Reduce the need for cell watering
- Reduces harmful gas emissions
- Ergonomic design for easy installation
- Prevents corrosion of the battery case

Dissipator Caps are Sold in Case Packs of 6

Part #	Model
